### PowerDry 4800D Pro P (Propane) Specifications

Part No.	4028204 (with Frame) 4029194 (without Frame)
Power	240V single-phase unit, 70 amps
Water	3032 pints/day @ AHAM
Removal	(379 Gallons)
Blower	4800 CFM Process Air
Operating	-10°F to 140°F
Range	
<b>Duct Options</b>	18" to 20" Flex Duct and Lay Flat
Warranty	2 years;
	1st year Parts and Service
	2nd year Silica Gel Rotor
Dimensions	
Width	48"
Height	56"

1550 lbs. (desiccant only) 1675 lbs. (desiccant with frame) Quest Dry DDS 375e (Electric with and without frame)

### Features:

- 3032 pints/day AHAM (379 Gallons)
- · 4800 CFM process airflow
- Dries in temperatures to 140°F
- Reaches dew points as low as -40°F
- 48"W x 112"L x 56"H
- 1550 lbs. (dessicant only)
- 1675 lbs. (desiccant with frame)

#### PowerDry 4800D Pro e

- 480 volt 3-phase
- 106 full load amps

#### PowerDry 4800D Pro p

- 240V single phase
- 70 amps
- · Propane cylinder and trailer mount available
