

Anden A70 Industrial Dehumidifier

70 Pints Per Day

Grow environments require high-capacity, specially designed dehumidifiers to control humidity and protect crops. From the serious hobbyist to medium-sized commercial facilities, Anden industrial dehumidifiers are designed to operate effectively in the extreme conditions of any indoor cultivation environment. The Anden A70 Dehumidifier is the perfect solution for hobbyists or micro grow operations. Small, efficient and reliable, the A70 removes an impressive 70 pints per day of moisture from the air. Add on integration with smart controls and a 5-year warranty, and there is no doubt that Anden is the professional's choice for true humidity control.

Features:

- High-capacity, low energy
- Digital user interface (front mount only)
- Crop-level external control and sensor options
- 5-year warranty on all parts including refrigeration system
- Ducted, suspended, and freestanding applications
- Drain connection
- MERV 11 disposable filter
- Programmable for dehumidification and air circulation
- Corrosion-resistant aluminum coils
- 8 ft. power cord (grounded plug)

A70 SPECS:

Capacity: 70 PPD

Energy Factor: 2.1 L/kWh (4.4 pints/kWh)

Voltage: 120VAC, 1 Phase, 60 Hz

Current Draw (amps)¹: 5.8 Amps

Power (Watts)¹: 645 Watts

Weight: 56 lbs.

Width: 12 ½"

Height: 12 ½"

Length: 25"

Warranty: 5 years on all parts

INCLUDED ITEMS:

- Drain Fitting
- 10 ft. Drain Tubing
- Duct Collars
- Installation & Operating Manual

¹ Rated capacity and energy factor test done and current draw measured in accordance with AHAM DH-1 2008 at 80°F/60% RH inlet air at 0.0 ESP. (2)Height does not include adjustable feet. The width excludes the filter doors and length excludes the duct collars.
